

# IMPORTANT SAFETY INSTRUCTIONS

Read all instructions before using the Relaxor® System.

## DANGER!

### To reduce risk of electric shock.

1. Always unplug the product from the electrical outlet immediately after using and before cleaning.
2. Do not reach for a product that has fallen into water. Unplug immediately.
3. Do not use while bathing or in a shower.

## WARNING!

### To reduce risk of burns, fire, electric shock, or injury to persons.

1. Your Relaxor® product should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
3. Never operate the Relaxor® product if it has a damaged cord or plug, or if it is not working properly. If it has been dropped or damaged, or dropped into water. Contact your dealer for instructions on returning it for examination and repair.
4. Close supervision is necessary when this appliance is used by, on, or near children or disabled persons.
5. Do not use outdoors.
6. Keep the cord away from heated surfaces.
7. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
8. If you are subject to any medical condition involving the use of medical device products, and/or if you are under a health professional or physician's care, please contact them before using this product.

## MAINTENANCE INSTRUCTIONS:

No user maintenance of this product is required. If the System does not function, be sure...

- (a) The TRANSFORMER or ADAPTOR is plugged into an electric outlet.
  - (b) The TRANSFORMER or ADAPTOR cord is plugged into, and fully engaged in its receptacle.
- If there is a malfunction of any kind, contact your dealer for instructions on returning it for examination and repair.
